Dear colleagues,

it's a great pleasure and honour for me to organize the

**3° LIVE SURGERY AND SYMPOSIUM  
"INNOVATIONS IN COLOPROCTOLOGY"**

It will be an international meeting with famous colorectal surgeons from all over the world.

In the live surgery session on the first day we will show the newest techniques in colorectal surgery operated by the very experts and developers of these new techniques. The session will be connected by Live telecast to a parallel symposium in Orlando/Florida.

The Florida Hospitals are the cooperation partners of the Hospital Waldfriede in the United States.

On the second day we will have four interesting scientific sessions regarding anal- and rectovaginal fistulas, laparoscopic colorectal surgery, constipation and fecal incontinence.

Looking forward to amazing days in Berlin.

Yours

## SOCIAL PROGRAMME

### BERLIN CENTER SHIP CRUISE

**Saturday, June 23, 2012**  
**10:30 a.m. from Hotel "ABION"**

No other metropolis in Europe offers that direct view into the heart of a city. Large parts of old and new architectures are built towards the water and large stretches of the river Spree and Landwehrkanal banks are not lined by streets. It is especially this aspect which makes a boat trip so special or even compulsory to really see all of the city. Board one of our panorama ships and experience Berlin in a very close and boundless way!

**Contribution:** 15,00 Euro  
**Registration:** by cash payment at the congress
